DETAILED ACTION

Response to Amendment

1. In response to the Office Action mailed 10/17/07, Applicants have submitted an Amendment, filed 11/29/07, amending claims 1, 2, 5, 14 and 18, without adding new matter, and arguing to traverse claim rejections.

Allowable Subject Matter

2. Claims 1-5, 7-12, 14, 16, 18, and 20 are allowable. The following is an Examiner's Statement of Reasons for Allowance:

Van Kleeck et al. teach a voice-controlled computer simultaneously displaying application menu and list of available commands. Au teaches topological methods to organize semantic network data flows for conversational applications. Cohen et al. teach a method and apparatus for providing active help to a user of a voice-enabled application, including terminating guidance when the number of speech outputs exceeds a predetermined number. However, none of Van Kleeck et al., Au, or Cohen et al., the closest prior art found, teach, nor fairly suggest: detecting a speech input for a device operation; recording the number of the speech inputs categorized by the device operation; and *stopping the speech input guidance when said number of speech inputs exceeds a predetermined number.*

Independent claims 1, 2, 5, 14 and 18 are allowable because the prior art of record does not disclose or suggest of a speech input guidance device wherein the number of speech inputs is counted and guidance is terminated when the count of speech inputs exceeds a predetermined

number. It is old and well known in prior art to terminate guidance when the number of speech outputs exceeds a predetermined number (see e.g. Cohen). However, the prior art does not disclose or suggest terminating the guidance according to the counts of the speech input. Claims 3, 4, 7-12, 16 and 20, depend from independent claims 2, 5 or 14, above, and therefore are also deemed allowable.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
